Objective

Highly motivated and detail-oriented Full Stack/Front-End Developer with over 3 years of experience in crafting robust, scalable, and user-friendly web applications. Skilled in React, TypeScript, Next.js, a range of databases, & more, I am committed to delivering high-quality code and innovative solutions. Seeking a role to leverage my skills and experience to contribute to a team focused on building cutting-edge web technologies.

Experience

CREATIVE XPS (STARTUP)

Full-Stack Web Developer (Contract) | 2022 - 2023

- Migrated web builder from React and Gatsby to Next.js; achieved 25% faster load time and 20% better SEO through server-side rendering.
- Developed custom front-end components; enabled user-friendly app creation, improved user experience, and increased adoption.
- Integrated Shopify into web builder; simplified e-commerce setup, enhanced inventory management, and expanded customer base.

HOMESTYLE HAWAIIAN

Shift Manager | 2022-(Present)

Task Management and Delegation, Preparation and Setup, Inventory Management, Event Handling, Code Health and Maintenance, Optimization, Quality/Quantity Control
